

## HÜLSTA

Times are changing... more and more people are now working from home. The dining table is now becoming the office, the commute is measured in steps rather than hours.

With that in mind, how about making your office a little more permanent? At Hülsta we have office solutions for everyone, from free standing desks with fitted cable management to bespoke shelving units with balanced shapes, soft curves and clever lighting. All available in a mixture of elegant wood, or timeless lacquer finishes.

For over 80 years Hülsta have designed and created the most beautiful modern furniture. Our wood comes from controlled sustainable forestry regions. This not only saves the rainforests but also shortens transport distances and therefore reduces the emission of greenhouse gasses.

Now open by appointment only and following all the current safety procedures our large and spacious Surrey showroom covers 2 floors displaying our latest ranges.

Book an appointment to see us either online or by phone and let's make your home a Hülsta home... and that commute something to look forward to!

## I-ECHO LANDSCAPE DESIGN AND VISUALISATION

During lock-down the garden more than ever, has become an integral part of the home for living, playing and even working. But giving your garden a post-lockdown makeover can be a daunting prospect. How will your ideas translate into reality given the available space and surroundings? You can now see how your plans could work before even a shovelful of earth is turned.

Working with a 3D designer in the garden allows you to step into a design at eye level, virtually exploring new planting schemes, hard landscaping or garden features. Seeing how your garden would work in conjunction with your home and surroundings is invaluable.

I-Echo has 20 years' in-house experience in transforming gardens. Their virtual tours are realistic in every detail from the ripples in your pond to the birds in the sky, making your plans more understandable for everyone involved.

Once their experts have created the right solution for your garden, I-Echo provides a complete follow-on service, including planting and project management.

3D immersion gives you the confidence to go ahead and create your ideal garden.

## TURNER AND FOYE

Perfectly bespoke interiors... every project is unique! Our 'Perfectly Bespoke' collections are designed around you and your lifestyle. Our artisan workshop based in Surrey use only traditional methods to ensure your kitchen lasts a lifetime and beyond. From a traditional style, to a modern classic look and feel, we can design timeless interiors for your home.

Turner and Foye has been a presence on Esher's High Street for more than 20 years. We are a local business focused on customers and quality and have the flexibility to create exactly what you're looking for. Standing out through our ability to produce perfectly bespoke designs for hand-crafted kitchens and cabinetry, rather than off-the-peg solutions.

We work with the measurements of your home interior not to standard dimensions. Our bespoke designs are presented using revolutionary 3D video walk-throughs which allow you to fully envision what we are proposing for your dream space.

For fresh thinking, kitchens, and unique furniture solutions for every room, we are ready to help you design the perfectly bespoke solution.
